Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Danmore, Providence, R. I. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. When over 1 felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. **OFFICE ABOLISHED.**

Will Hunter, Son of H. F. Hunter, Deprived of His Federal Position.

A telegram from authorities at Washington notifies United States Marshal James of Louisville that the office of Chief Deputy Marshal in that District has been abolished.

Will Hunter, son of Dr. W. Godfrey Hunter, Minister to Guatemala, has held the position since the appointment of Marshal James.

It is believed that the abolition of the office is simply a means of getting rid of Mr. Hunter without wounding too severely the feelings of his father, and that another order will be issued in a few weeks re-establishing the office.

This done, Mr. James P. Wilhoit of Carter county will become Mr. Hunter's successor, and Mr. John Henry Wilson of Knox county, who was recently made Assistant District Attorney in Kentucky, but only served one day when he was notified the appointment had been revoked. The appointment was revoked because of the pressure brought to bear by the friends of Wilhoit, who was also a candidate for the place. Since then a meeting was held in Washington, at which the arrangement to get rid of Hunter and appoint Wilhoit was made. Hunter will be given a minor position.

**RECEIVER APPOINTED.**

For the Mayville and Big Sandy Railroad—C. and O. Also Enjoined.

Master Commissioner James N. Kehoe has been appointed by Judge Harboen Receiver for the Mayville and Big Sandy Railroad Company.

The matter has long been in Court, and this action is a most important one.

Mr. W. W. Hall, the Dover Christian Church, G. W. Bennett and the other plaintiffs have held judgments against the above mentioned road several years for damages to their property, which the Company has refused to pay.

The Court had previously refused to appoint a Receiver on the ground that the road was mortgaged to the C. and O. and that the latter's claim had precedence.

The matter was fought in the Court of Appeals, and the plaintiffs there won, but Court deciding that their claim came in ahead of the C. and O. mortgage.

This week a motion for the appointment of a Receiver was renewed by the plaintiffs' attorneys, with the success above mentioned.

An injunction was also granted against the C. and O. restraining it from operating the road unless the claims are paid.

**THE DEERING'S GUIDE.**  
The Largest Shipment of  
**Deering**  
Twine!  
Chat Ever Came to  
Northeastern Kentucky  
was received Monday, Tuesday and Wednesday, May 9th, 10th and 11th, 1898, by JOHN I. WINTER, THE PRICE FIGHTER. There was 30,000,000 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sial Twine. Every one wants, demands and will have no other twine after once using Deering Pure Sial. None of us are too old to learn. If your neighbors are using a better article than you are, surely you wish to know it. The demand for Deering Pure Sial Twine has become so great that we were compelled to this year buy 80,000,000 feet to accommodate the wants of our customers. Now, listen: Every inch of this Twine is tested at a much higher tension than any other twine in the world. To make a long story short, I offer the following: Take out a lot of Deering Pure Sial Binder Twine, try it, and if you don't find that it will hold an acre of wheat with less pound than any other twine made, if you don't find that it is the strongest twine made, if it is not the best twine that you ever used, you will please return it and every cent of your money will be refunded. Surely, that's fair. You are to your own judge. It is an easy way to buy money on twine. I bought twine some time since when it was selling below the cost of production. Twine has advanced ever since. I am willing to give my friends and customers the advantage of my judicious purchase. I am selling twine today for a pound less than the market price. In buying Binder Twine, Farm Wagons, Farm Implements, Mowers, Hay Rakes, Self Binders or Furniture it always pays to consult The Price Fighter.

**THE DEERING** is a safe line to hitch to. In buying a Self Binder one should study the matter carefully and select the best machine. Any make of binder will do what you want, but there is one machine that will cut wheat, rye, oats, barley, millets, bluegrass, timothy, etc. Standing up or laying down flat, long or short, heavier this, on level, rolling or hilly as steep as a roof. This machine is the Deering. Condition of grain or land makes no difference to this machine's binder. Get your money's worth and

**BUY DEERING**

Deering Machines have roller and ball bearings both and in that respect they are the best of the kind made. It is the lightest of any now on the market. Remember, Deering made the first twine binder. Deering first used ball and roller bearings. Surely you won't buy a cheap imitation. Take a business view of the matter. Don't buy an experiment when you can take advantage of Deering's 28 years experience. They made the first Twine Binder, have spent a lifetime in improving it and today offer you the result of their labors at the same price that other companies wish to charge you for experiments. Don't buy a cheap experiment, but buy a perfected Deering Binder, Mower or Hay Rake. They have made all your neighbors happy, as nearly 1,000 testimonials that we hold of residents of Mason, Bracken and Robertson distinctly state. We will be pleased to show you these testimonials. Come and see Deering's wonderful line of prize winning machines.

**An Open Confession is Good for the Soul**  
We overzeal the situation. We are loaded with Baby Buggies. They must go—we don't intend to carry them over. When an article don't move fast enough we push it, and push it so hard that it runs away from itself. We never have any carried-over stock. Now listen: These Buggies will be sold regardless of cost. Cost cuts no figure in this case. We want a little bit of your money in exchange for these Baby Buggies, and in order to make the exchange quickly we will
